Verse 1

Met at the ar-moury, under lightly fallin' snow, A kid from Kenora, no-where else to go.

She had a notebook full of rivers, and a borrowed pair of boots,

He had a prairie kind of si-lence, and a maple leaf tat-too.

They said "Pick up a ham-mer, pick up a sho-vel, pick up the line,"

There's a bridge outside_ of Brandon fallin' one bolt at a ti-me.

Every town's a post-card when you're on-ly passin' through,

But it's really kinda diff'rent when the pot-holes belong to you.

Chorus

N.C. D C G D
Gimmie one year in the wea-ther. One year on the ground.
C G D
One year__ holdin' strangers up. When the old walls tumble down
C G D
Gimmie one year__ to touch grass and tim-ber. Up north where rivers start
F G N.C. |D / F / G| / / / ...
Gimmie one year in the wea-ther, Find this country's heart.

Verse 2

Clearin' out the fire-break, near the edge of Revelstoke,

With a medic from Scarborough who ne-ver missed a joke.

At night listened to the Leaf's game, brought us to our knees,

There is unrest in the Forest, there is trouble with the trees

Some went_ north with broadband some went east with sand - bags,

Some learned to tu-tor some learned cook, some learned to roll it flat

And the flag above_ the outpost had been whipped into a rag,

But nobody saluted less_ because it looked like that.

Chorus

N.C. D C G D
Gimmie one year in the wea-ther. One year on the ground.
C G D
One year__ holdin' strangers up. When the old walls tumble down
C G D
Gimmie one year__ to touch grass and tim-ber. Up north where rivers start
F G D
Gimmie one year in the wea-ther, Find this country's heart.

Bridge

C G
Not every oath is thunder. Not every debt is war.
D
Sometimes love is hauling lumber To a town you've never seen before.
C G
Sometimes pride is quiet. Just a pencil and three kids.
F G |D /C /G|///...
A helping hand with homework Some coachin' off the grid

Verse 3

 By spring we knew the highways, like the backs of our own hands,
D

 Where the grain trucks bowed to sunrise where the ferry kissed the land.
D

 And I stopped, sayin' "they should fix it," like the country was a chair,
D

 So here's to all the rookies, all the dreamers, all the crews,
 D C G
 To the ones who found a u-niform, and the ones who found a use.

 There's a map inside the body, there's a home inside the call,

There's a country we inherit, and the one we build for all.
